Danish family-owned company  
founded in 1953

# Who is ABENA?

ABENA is a family-owned Danish manufacturer and wholesaler established in 1953, with more than 2,000 employees, operating in +90 markets worldwide.

Over the years, we have built a strong, trusted network of suppliers, allowing us to offer products of high quality with a short lead time and unmatched supply consistency. We emphasize quality - with comprehensive documentation, traceability along the supply chain, and frequent quality controls. So we can vouch for every single product we supply.

With a strong focus on challenges in the HoReCa industry, we are constantly looking for new and innovative products.

We look forward to working with you.

**+2000**   
employees worldwide

**+90**  
export countries

 **Own  
production**  
in Denmark, France and Sweden

## Facts about ABENA

- +2,000 employees
- Own production in Denmark, France and Sweden
- Subsidiaries in 13 countries
- More than 90 export countries
- More than 38,000 products
- +850 mio EUR in revenue (2020/2021)

# ABENA – your reliable partner for food service solutions

ABENA is your responsible and professional partner – also when it comes to sustainability. We offer products that can help take steps towards many different sustainability goals and are happy to advise you on the best match for your CSR strategy. We work with Life Cycle Assessments and a variety of eco-labels. Our goal is to have 70% eco-labeled products by 2030!

With ABENA, you are not just buying a product – you get access to a world of dedicated product specialists with many years of expertise, more than

38,000 high-quality products, all documentation needed, and much more. ABENA's one-stop-shop makes it easy to purchase everything you need in one place, ensuring consistent quality in all your locations.

### Products you can trust

At ABENA, we can help you find the right products and solutions for your specific needs. We offer a wide assortment of food service products for professional kitchens, catering companies, retail, and restaurants.

We provide the best quality of life  
to users of our disposables.

One-stop-shop

# CPET Meal Trays

## Tray

Item number	Dimensions	Volume, gross	Tray compartment quantity	Color	Material	Pcs per cll / cll per pll
132914	22.7x17.8x5cm	1410 ml	1 compartment	White	CPET	360 / 16
132915	 22.7x17.8x5cm	1410 ml	1 compartment	Black	CPET	360 / 16

Our C-PET products are the professional and practical solution for canteens, professional kitchens, and the catering and restaurant industry. These sturdy trays and storage solutions are suitable for all types of food, and are oven-safe with temperatures up to 220°C. You decide whether the lid should be sealing film or a stronger snap-on lid. The latter allows you to safely stack the trays. The width of the cover film depends on the type of machine. The products are made from a minimum of 70% recycled plastic, which can be recycled again through proper waste management.

## Tray

Item number	Dimensions	Volume, gross	Tray compartment quantity	Color	Material	Pcs per cll / cll per pll
132921	22.7x17.8x4.3cm	1065 ml	2 compartments	White	CPET	360 / 16

## Lid

Item number	Dimensions	Features	Material	Pcs per pk / pk per cll
5695	54x33.5x1.2cm	For 1/1 Gastronorm aluminum pan, for 5053/5694/5701/132272	Aluminum	10 / 5

The aluminum lid is easily clamped around a 1/1 gastronorm tray and protects the contents in the tray and keeps them warm or cool. Aluminum can be used for all foods, and can be used in both conventional ovens and microwaves.

# Foil and Film

## Aluminum foil, ABENA Cater-Line

cater.Line ABENA

Item number	Dimensions	Features	Color	Material	Roll per cll / ccl per pll
10071	150m x 44cm	In cut-box	Silver	Aluminum	3 / 54

ABENA aluminum foil is suitable for storing and freezing food, as well as for cooking such as frying and grilling. It is impermeable to air, light, and grease as well as extremely resistant to cold and heat. This size of aluminum foil is perfect for industrial kitchens and comes in a cut-box that acts as a dispenser.

## Aluminum foil, ABENA Cater-Line

cater.Line ABENA

Item number	Dimensions	Features	Color	Material	Roll per cll / ccl per pll
10062	150m x 29cm	In PE foil	Silver	Aluminum	4 / 126

The aluminum foil is suitable for storing and freezing food, as well as for cooking such as frying and grilling. It is impermeable to air, light, and grease as well as extremely resistant to cold and heat. This size of aluminum foil is suitable for industrial kitchens and is supplied as a loose roll which can easily be placed in a dispenser.

## Gold film, ABENA Cater-Line

cater.Line ABENA

Item number	Dimensions	Thickness	Features	Color	Material	Roll per cll / ccl per pll
3045	300m x 29cm	12 micron	Unperforated	White	PE	4 / 72
3046	300m x 44cm	12 micron	Unperforated	White	PE	4 / 54

The film can be used to store all types of food and for general household purposes - so it is a really good all-round film that is also suitable for pure fat, oil and fatty food. PE gold film also has better adhesive strength than standard PE film, and the 12 my thick film ensures better food protection, stretch and handling.

## Cling film, ABENA Cater-line

cater.Line ABENA

Item number	Dimensions	Thickness	Features	Color	Material	Roll per cll / ccl per pll
134073	300m x 29cm	7 micron	Unperforated	Purple	PVC	4 / 162

The film can be used to store food and for general household use. However, not pure fat, oil and food stored in fat. PVC film is very stretchable and has very good adhesion. It is therefore often the choice of professional kitchens. PVC is also breathable, thus limiting the development of condensation. This helps cooled food maintain its original consistency. This special film can be used at higher temperatures than PVC film normally can.

# Foil and Film

## Cling film, ABENA Cater-Line

cater.Line ABENA

Item number	Dimensions	Thickness	Features	Color	Material	Roll per cll / ccl per pll
3060	300m x 45cm	8 micron	Unperforated	Clear	PVC	4 / 108

The film can be used to store foodstuffs and for general household use. However, avoid using with pure fats, oily and fatty foodstuffs. PVC cling film is very stretchable and has very good adhesion. It is therefore often the choice of professional kitchens. A key feature of PVC is that it is a breathable material limiting condensation. This helps chilled food maintain its original consistency.

## Cling film, ABENA Cater-Line

cater.Line ABENA

Item number	Dimensions	Thickness	Features	Color	Material	Roll per cll / ccl per pll
3015	500m x 30cm	8 micron	Perforated 30 x 30 cm	Clear	PVC	4 / 96

The perforation makes it incredibly easy to work with the cling film because you do not have to cut the film yourself. The cling film can be used faster than film without perforation and you avoid unnecessary waste due to film becoming crumpled up as it is torn off the dispenser. The cling film can be used to store all types of foodstuffs and for general household purposes. However, avoid using with pure fats, oily and fatty foods.

PVC cling film is very stretchable and has very good adhesion. It is therefore often the choice of professional kitchens. A key feature of PVC is that it is a breathable material limiting condensation. This helps chilled food maintain its original consistency.

# Are you looking for a global partner that fulfills your specific needs?

ABENA is here to help. Understanding your needs is our number one priority as a supplier of products and concepts for the HoReCa industry.

We focus on making your working day straightforward and less resource intensive. And we want you to see us as a partner, working every day to give you the best experience and the right products at accurate prices – delivered on time.

## **With ABENA as your preferred partner and supplier:**

You can rely on our knowledge and purchase in one place.

- We assure you that certificates and standards are always fulfilled.
- You will get a responsible and professional partner who cares for sustainability and has plenty of experience within the field.

# Everything you need in one place

With ABENA you are not just buying a product – you will get access to a world of dedicated product specialists with many years of expertise, more than 38,000 high quality products, all the documentation you need and much more.
